

How to Access Test Day Toolkit: Coordinators

Test Day Toolkit is loaded with your student roster and ready to go. Use it before, during, and after testing for your most efficient test administration yet.

Step-by-Step Access Instructions

- 1 Click the button in the personalized access email from College Board.
- 2 Sign in to your College Board professional account.
- 3 Choose a way for us to send you a code.
- 4 Enter the code we send you.

2. Choose a way for us to send you a code.
3. Enter the code we send you.
You can also paste this [personalized link](#).

Verify Your Identity

We sent a code to your phone number.

Enter code:

That's it! Next time, just go to testday.collegeboard.org and sign in.

Staff Access

The email is just for you; it won't work for anyone else. We'll send your staff their own access email when you add them to Test Day Toolkit and provide their email address and phone number.

Troubleshooting

I didn't get an email.

First, check your junk email folder. If it's not there, contact Test Administration (TA) Support at testadminsUPPORT@collegeboard.org or 866-502-6384 (U.S.) or +1-212-520-8570 (international).

The button doesn't work.

Try pasting the link into your browser. Because the link and the button are personalized, they won't work if the email was forwarded to you.

I don't have a College Board professional account.

You'll have a chance to sign up for one after you click the button or link.

My current contact information is not listed.

Contact TA Support at testadminsUPPORT@collegeboard.org or 866-502-6384 (U.S.) or +1-212-520-8570 (international).
